Passenger-Only Ferry Study Update

WEBINAR August 20, 2020

The Passenger-Only Ferry (POF) Study is progressing!

The Regional POF Study launched early in 2020 assesses POF service across the 12-counties bordering Puget Sound and on Lake Washington and Lake Union. The Puget Sound Regional Council (PSRC) hosted a webinar on April 15 to kick-off the study.

Since the webinar, PSRC has gathered feedback through a 12-county online survey exploring potential routes and priorities related to POF service. PSRC analyzed the survey input along with other data related to potential POF service to develop preliminary findings. PSRC is hosting a second webinar to share the survey results and preliminary study findings, hear your feedback and provide next steps in the study.
