DETERMINATION OF NON-SIGNIFICANCE (DNS) City of Langley 2018 Water System Plan Update

Applicant: City of Langley

Description of the project: This City of Langley Water System Plan is designed to serve as a guide for the development of the water system within the Langley water service area and urban growth area (UGA) to the year 2030. This comprehensive utility plan has been prepared according to the Washington State Department of Health regulations as described in WAC 246-290. This plan update supersedes the 2012 Water Systems Plan.

Location: This is a non-project action and affects all lands within the City of Langley, Langley water service area, and Langley unincorporated urban growth area.

Lead Agency: City of Langley

Threshold Determination: The lead agency for this proposal has determined that it does not have probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date issued below. Comments must be in writing and submitted by 5:00 pm on September 19, 2019 to the mailing or email address below.
