The purpose of the Shoreline Master Program (SMP) update is to address state required amendments and staff recommended amendments including addressing sea level rise. A joint public hearing with the Planning Advisory Board (PAB) and the Washington State Department of Ecology (DOE) was held on March 11, 2021. A joint 30-day public comment period was also conducted and ended on March 29, 2021. Comments received were considered and incorporated into the draft where appropriate. In early June, the draft SMP and supporting documents were submitted to DOE for its Initial Determination. DOE staff have completed their review and their recommended and required amendments have been incorporated into the draft SMP. At its meeting on September 3, 2021 the PAB recommended Council grant the SMP 1<sup>st</sup> reading, which the Council conducted on September 20, 2021.

All interested persons may provide verbal and written testimony during the hearing. Submit written comments to City Hall prior to **5:30 pm on October 18, 2021**.

You can view the draft ordinances at City Hall, at 112 Second Street, Langley WA. by contacting Meredith Penny to schedule an appointment. The documents are also available online under [https://www.langleywa.org/departments/community\\_planning\\_and\\_building\\_department/shoreline\\_master\\_plan.php](https://www.langleywa.org/departments/community_planning_and_building_department/shoreline_master_plan.php)
